

INSTRUCTION OF «CODE-LOCK»

To set your personal code, follow these steps:

1. Open the lock (the original number is 0-0-0).
2. Press down the reset button with a tool until you hear the «click» sound. (fig. 1)
3. Set your personal code by turning the dials (for example 8-8-8)
4. Slide the button rightward, to the open position and release the reset button. (fig. 2)

Now your personal code is installed.

Remember your personal combination by heart.
